

# RN-BSN Completion

## Areas of Emphasis

Students must complete requirements in one of the following areas of emphasis:

- RN-BSN Completion
- Accelerated RN-BSN Completion with graduate MSN Leadership program

## RN-BSN Completion

The RN-BSN Baccalaureate program prepares the graduate to:

1. Use knowledge from liberal and interdisciplinary problem focused education as a basis for nursing practice.
2. Use knowledge and skills in leadership, quality improvement and patient safety to provide high quality healthcare.
3. Engage in a systematic process of evaluation, translation, and application of scientific evidence to inform nursing practice.
4. Recognize the role of information management and patient care technologies to improve patient care outcomes.
5. Examine how healthcare policies, including financial and regulatory, influence healthcare systems and nursing practices.
6. Integrate interprofessional communication and collaborative skills to optimize holistic patient care.
7. Apply health promotion, disease and injury prevention strategies to improve population health.
8. Promote professionalism and model the values of altruism, autonomy, caring, human dignity, integrity and social justice in nursing practice.
9. Synthesize previous and newly acquired knowledge, theory, skills, and attitudes to address health care needs of culturally diverse individuals and populations across the continuum of healthcare environments.

Code	Title	Credits
<b>Nursing Support</b>		<b>18-20</b>
<b>Therapeutic Nursing Intervention Electives (6 credits)</b>
